MANUMESURE
a metrology specialist

Medical testing laboratories, hospital laboratories and departments, clinics, pharmaceutical and over-the-counter drug companies, cosmetics companies, medical device manufacturers, hospitals, ...

MANUMESURE, a Chauvin Arnoux Group company, provides metrological verification, maintenance, and management of your equipment fleet, whether in the laboratory or at the customer's site.

The services provided by our experts ensure the quality of results and the traceability of measurements, in compliance with GMP (Good Manufacturing Practice guidelines) and current standards in the healthcare sector.

THE + MANUMESURE

NEARBY

12 technical centers provide a variety of services throughout France and internationally.

MOBILITY

MANUMESURE operates at all types of sites thanks to its fleet of mobile laboratories and its teams of technicians.

CUSTOMER SERVICE

At MANUMESURE, customer satisfaction is at the heart of everything we do.

"Turnkey" services

- Ensuring Regulatory and Standards Compliance
- Tracking maintenance planning and schedules, downtime, non-compliance indicators...
- Budget control and optimization
- Management of the metrology function
- Simplification of your management processes
- Safety and Security

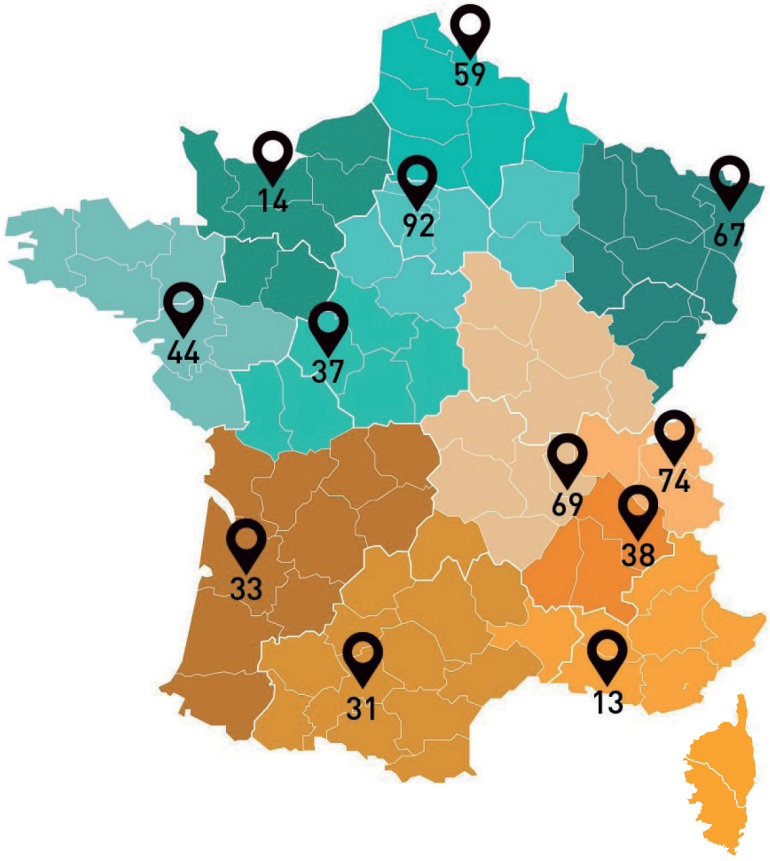

Metrological monitoring with M-Link,—the software for managing your fleet of measuring instruments

M-Link MANUMESURE

Manumesure provides metrological verification, maintenance, and management of fleets of measurement, control, and testing equipment—both in laboratories and at customer sites.

The company also offers regulatory inspections in the areas of environmental protection (air pollutant emissions, noise, etc.), personal safety, and risk prevention (occupational exposure limits).
